Briefers.

There was no criminal business before the municipal court today.

Workmen are now engaged in brick-laying on the new cotton factory at Montevideo.

Remember the calico hop to be given by Prof. Severance's dancing class at Apollo hall this evening.

The building committee of the county board of supervisors visited the county buildings at Johnston this afternoon.

Mr. Richard Rooney is putting in one of the Jackson patent refrigerators in his meat market on Milwaukee street bridge.

Our city agriculturists have commenced farming on a small scale—that is they have commenced putting in early "garden truck."

A school of gold fish struck Heimstreet's drug store today. Call in the store and you will see the largest lot of gold fish ever in this city. There are hundreds of them, all sizes.

The sale of reserved seats for the Little concert will begin at Prentice & Evenson's to-morrow morning. Seats should be secured rapidly, as the entertainment will be a first class one.

Mr. John W. Peters has purchased of Mr. Albert Bemis, his vacant lots on Ann street in the second ward, upon which Mr. Peters will build a handsome dwelling house the coming season.

The funeral of little Ella McCune was held at St. Patrick's church this forenoon, and was largely attended by sympathizing friends of the family. The remains were taken to the Catholic cemetery for burial.

Mr. Frank O. Parsons, the laundryman at the west end of Pleasant street bridge, has received a new collar and ironing machine costing one hundred and fifty dollars. The machine is now in operation at his laundry.

Tony Brown has secured the services of Mr. J. Rabon to assist him in his barber shop, on West Milwaukee street.

Mr. Brown has a first-class shop and his numerous customers who will be pleased to learn of this addition to the business.

Mr. Will Davis has purchased a lot 40x90 feet on East Milwaukee street, opposite the Farmer's hotel, upon which he will immediately build a two-story building, for his use as a livery stable. Work on the building has already been commenced.

Janitor Nelson, of the county court house, is hard at work scrubbing and cleaning the entire building, which will be in first class order when court convenes next week. A new coat of paint would add much to the good looks of the main corridors of the building.

Manager Moseley received a dispatch to-day saying that Mr. B. McAuley would be unable to play here on Thursday evening in consequence of having a severe cold. The engagement has therefore been cancelled with a promise that Mr. McAuley will favor Janesville with a performance at some future time.

The funeral of the late Thomas J. Anderson took place this afternoon at the residence of his son Mr. H. Anderson, on North Main street, Rev. O. A. Curtis, of the Court street M. E. church, officiating. After the funeral service the remains were taken to the cars and conveyed to Monroe, where they are to be buried.

Mrs. Edward Barry desires to publicly thank the members of W. H. Sargent Post No. 20, G. A. R., for the brotherly devotion and unceasing kindness shown her during the long illness, death and burial of her late husband. She also extends her thanks to the ladies for their kind assistance, and floral offerings at the funeral.

Last evening the reflection of a large fire was noticed east of the city, apparently in the town of Harmony or Johnston, which many thought to be the burning of some farm house. Parties telephoned to Johnston, but the people there knew nothing of the fire. Beloit telephoned to this city, thinking a large fire was in progress here. We have not learned the cause of the blaze, but presume it was a straw stack.

The ladies engaged in selling tickets for the library benefit performance, will meet at the rooms of the free library to-morrow afternoon (Thursday) at half-past two o'clock, to report progress, and make an accounting of the tickets sold. After that the tickets will be kept on sale at all the principal stores in the city. So far the ladies have done well, but there are hundreds of persons who have not yet bought tickets, but should do so early.

Dr. C. L. Martin has at his stables on Bluff street, opposite the Pemberton house, one of the landmost young stallions in this section of the country. It is a Hambletonian, four year old past bred and owned by the doctor. It is one of the strongest and best built colts of this breed we have seen in a long time, and lovers of fine horses will do well to call at Dr. Martin's stables and examine this splendid animal, and also hear reports of some of his fine stock in this vicinity. He is a real beauty.

Madison has adopted the free postal delivery system. The business of the postoffice in that city during the past year was \$28,000 which is \$8,000 more than was necessary to secure the system. The business of the Janesville postoffice for the year ending March 31, 1883, was \$18,074.27, which includes only box rent and stamps. The money order business, if added to this amount would more than double the eighteen thousand. The business of the Madison postoffice has been largely maintained by the state government, and were that taken away, the business done would be much below that of Janesville.

On Friday evening April 20th, Rev. F. W. Halliger, of Milton, will preach in the Congregational church. All are invited.

The Bona Stamp and Grab Extract.

Yesterday afternoon we visited the farm of Mr. Thomas Pratt, two miles north of the city, on the Fulton road, for the purpose of witnessing the operation of extracting stumps with a machine invented and patented by Mr. D. Cornelius, of Lima, Ohio, and manufactured by the Lima car company, at Lima, Ohio, and by M. A. Sweeney & Bro., Jeffersonville, Indiana, and of which Mr. John Cornelius, of this city, has an interest.

The machine is the most simple in construction of any similar machine in the market; is strong, and possesses sufficient power to draw out any stump it may be attached to. It is a screw-powered machine working on a horizontal principle. The gear wheel which is about twenty inches in diameter works on a cylinder, upon which the large chain, for drawing out the stumps is wound. The power screw is about ten inches in diameter. Yesterday, with a light horse, three of the largest second-growth stumps were taken out of the ground at one time, in less than three minutes, with apparent ease. This machine has many advantages over others. An acre of ground, or more, according to the length of chain, can be cleared of stumps without moving the machine. No digging is required. The stump is drawn out and the earth is allowed to fall back in its place, leaving the ground smooth and in order for plowing. This machine is a great curiosity in its workings, and those who have lands to be cleared of stumps, should visit the farm of Mr. Pratt, and see this machine. It will be in operation on the bluff just east of Mr. Pratt's lime kiln on Thursday, Friday and Saturday afternoon, from one until five o'clock. Mr. Cornelius invites all to visit the place and inspect the machine while in operation. It is worth more than the time and trouble of travelling two miles, even if one is compelled to walk.

The Blues.

We get many letters from druggists stating pleasant results from customers of bilious temperaments having used Zeph.

Those subject to depression or low spirits, caused by indigestion or liver troubles will be surprised how rapidly and pleasantly it acts. It corrects the secretions, strengthens digestion. Usual cures, strengthen digestion. Usual cures, strengthen digestion. Usual cures, strengthen digestion.

Robbins' Hippopotamus.

Few people are aware of the great expense and care which is required to keep the monster hippopotamus, belonging to Colonel Burr Robbins' great show, alive and in a healthy condition. This monster amphibious animal requires constant attention and great care. He requires to be thoroughly scrubbed and washed each day with castile soap; his food consists of the best of vegetables and hay; a large tank of water is placed in his pen, that he may at any time live under the water or on land. When it is known that there are but four specimens of the hippopotami family in America, and that this is the largest one ever on exhibition alive in this country, it will not be wondered at that Colonel Robbins expends so much money in his care. He was imported by Colonel Robbins at a cost of a fabulous sum of money. The one item of keeping this animal clean, consumes more soap in one day than is consumed in any establishment in this city in a week, and a person has only to visit the winter quarters and witness a single washing of the animal to convince him of this fact.

The Weather.

REPORTED BY PRENTICE & EVENSON, DRUGGISTS.

At seven o'clock this morning the thermometer registered 47 degrees above zero. Partly cloudy with a northeast wind. At one p. m. the register stood at 67 degrees above zero. Partly cloudy, with an easterly wind. For the same hours one year ago the register stood at 50 and 58 degrees above zero.

WASHINGTON, April 18, 1 a. m.—The following are the indications for to-day: Lake Region—Partly cloudy weather, followed by local rains in the western portions, northeast to southeast winds, stationary or slight rise in temperature, rising followed by falling barometer in the eastern portion, falling barometer near Lake Michigan.

Griggs' Glycerine Salve.

The best on earth can truly be said of Griggs' Glycerine Salve, which is sure cure for cuts, bruises, scalds, burns, wounds, and all other sores. Will positively cure piles, treated and skin eruptions. Satisfaction guaranteed or money refunded. Only 25 cents. For sale by Sterns & Baker.

The Benefit Performance.

On Monday, April 30, the performance generously donated by Colonel Burr Robbins for the benefit of the free library, will be given. This will be one of the best exhibitions of a circus and menagerie ever given in Janesville, and this with the other fact that every cent realized therefrom will be placed in the library fund, should draw together one of the largest audiences ever seen under a pavilion in this city. There should be a general turn out of the citizens of Janesville, and the people in the country should remember the date and attend the performance. They will find tickets on sale at all the leading business houses in the city, so that there will not be any trouble attending the purchase of tickets. Let them come, one and all, and witness a magnificent performance, and give the library a great benefit.

Gathering this Evening.

The calico party by Prof. Severance's dancing class in Apollo hall.

Wisconsin Lodge No. 14, I. O. O. F. in Odd Fellows hall.

The young ladies society of the First M. E. church, at the residence of Mr. and Mrs. W. G. Palmer, fourth ward.

Like oil upon troubled waters is HALE'S HONEY OF HOREHOUND AND TAR upon a cold.

PICK'S TOOTHACHE DROPS cure in one minute.

BUYING AND SELLING.

Transfers of Rock County Real Estate.

The following real estate transfers were recorded in the office of Mr. Chas. L. Valentine, Register of Deeds, during the past week:

WEDNESDAY, APRIL 11.

Martha E. Smiley to L. E. Miles, lot 1, block 4, addition to Janesville, 1,000 00

Richard C. Wright to William McQuibben, 40 acres in section 13, Harmony, 500 00

Thos. L. Sweeney to James W. Coffey, lot 1, block 4, addition to Janesville, 1,000 00

Thos. L. Sweeney to James W. Coffey, lot 1, block 4, addition to Janesville, 1,000 00
